*Experience the best of Broadway.
Study with the Masters!*

Broadway Artists Alliance of New York City seeks promising young musical theatre performers ages 8-21 for its summer and winter intensives and industry showcases!

BAA provides professional-level training in musical theatre arts. Participants study voice, acting and dance with TONY Award winners, and current Broadway performers, as well as New York City's top casting directors, agents, coaches and choreographers. Our expert staff challenges each student to develop his or her "Triple Threat" performance skills, while learning about the business of acting, making connections with industry professionals and getting to perform for casting directors, managers and agents in a final showcase!
